

## Dog Days of Summer are Here And your customers need ICE!

Hot summer days call for cold, icy drinks, so summer is the worst time to have your ice machine go down. Unfortunately, most ice machines malfunction because of poor maintenance. The result is an expensive service call that could have been avoided with regular maintenance and cleaning.

You can avoid costly service fees by signing up for a monthly ice machine rental plan with KEClearse. Through KEClearse your ice machine maintenance is included absolutely FREE. All production and storage sizes are available and you don't have to dump a bunch of cash into a new purchase!

Low monthly cost, no costly repairs and FREE cleaning and maintenance – what could be better? Contact us today for a quote: [lease@kecdesign.com](mailto:lease@kecdesign.com) -or- 217-352-4206

## Check Out THIS Great Product!

Have trouble getting behind your heavy equipment to sweep and mop? Stove Shoes are your solution! These little hockey puck shaped marvels fit under the legs of your equipment – work tables, reach-in coolers, ice machines and more – so you can easily slide out your heavy equipment to keep your entire floor sparkling. Another plus, the mop head won't get caught and leave strings behind on the Stove Shoe's curved, smooth surface! Cool!

At just \$19.50 a piece, these shoes will save you time, effort and keep your floors sanitary from wall to wall! To order just email [sales@kecdesign.com](mailto:sales@kecdesign.com)!

# Drink More Water at Work!

7FS100A (freestanding)

Everybody knows there is a link between drinking more water and staying healthy, and what employer doesn't want healthier employees in this age of rising healthcare costs?

Now there is an innovative solution to help you help your employees get healthy! The new Follett Water and Ice Dispensing Unit. Fresh-water direct from your existing water line WITH popular chewable ice to make water drinking more enjoyable -- it's true, studies show that people drink MORE when crushed ice is in the drink. Even better, you can replace your old, dirty, germ-covered, drinking fountains from the 50s (Google it, you'll be shocked!), with a sanitary Ice & Water Dispensing Unit. You'll feel soooo good when you do!

- It is available as a free standing unit, or a countertop unit that has water filtration as an option
- About the same monthly cost as the bulky water cooler you may now be using
- Free annual maintenance from KEClearse

7C/100A (countertop)

## 3 things make this unit great

- 1 No drain needed
- 2 Uses standard power
- 3 Uses standard water line

Contact [lease@kecdesign.com](mailto:lease@kecdesign.com) or 217-352-4206 today for a quote on an Ice & Water Dispenser!

## Summer is Tea Time

Ahh, iced tea -- the drink of summer. KEC now has Bunn Tea Brewers in stock! One brewer dispensing into two dispensers keeps your operation ready with regular, sweet, decaf or flavored teas all summer long.

## Easy Fruit Wedges For Summer Drinks

Wanna make sure you have plenty of lemon and lime wedges for those summer drinks? Get a wedger and avoid staff injury and the spread of germs from knife slicing. A one step wedger does the trick!
